M730V

ALL-IN-ONE LCD MONITOR/TV*/WEB CAM

Forget trailing wires and expensive separate units, the M730V provides everything you need from your modern display in one convenient, easy-to-use box.

With connections for a PC or Mac, DVD player, games console, cable, satellite or terrestrial receivers, camcorder or even a VCR, the multi-purpose M730V fulfills all your computing and multimedia needs in one package.

Use the in-built web cam for video net meetings or to record picture and sound files. Experience SRS surround sound through the dual, stereo speakers. And sit back and enjoy the sharpest, brightest, most colourful picture around on the cutting edge M730V screen.

*External TV-tuner needed
